#### **PLEASE READ CAREFULLY BEFORE APPLYING**

We prefer to support applications from:

- Organisations that have a wide impact on the local community and the individuals in it.
- Organisations that present a well-documented need for a particular project.
- Charitable organizations which in themselves help others in the community.
- Organisations which demonstrate that the funding for which they are applying will have a long-term effect.

Unless there is a shortage of applications in the above categories, we are unlikely to support:
